

C/Can 2025 Challenge City: Expression of Interest Form

Completed forms and supporting documents must be sent to: ccan2025@uicc.org before the deadline of 4 February 2018.

*Compulsory fields

Section I. Applicant information

The submission of applications to become a C/Can 2025 Challenge City must be led by the city leadership¹, and be supported by at least one civil society organisation (CSO). This CSO must be either a UICC member or a CSO that is **eligible** and willing to become a UICC member. Private sector organisations can also support an application (in collaboration with the city leadership and a CSO). To support a city application at the “Expression of Interest” stage, a private sector organisation must be a C/Can 2025 partner, or be **eligible** and willing to become a C/Can 2025 partner.

Section II. Statement of Motivation

Please provide a concise statement (in a maximum of 500 words) outlining the city's motivation for becoming a C/Can 2025 Challenge City:

Section III. Level of city commitment and progress in the implementation of cancer control measures

Please highlight (in a maximum of 500 words) any significant progress or recent commitments in cancer control at the city level, including in the following key areas:

- *A cancer and/or non-communicable disease policy/strategy/action plan*
- *Availability of cancer registry data*
- *Radiotherapy capacity*
- *General availability of chemotherapy*
- *Access to palliative care services and pain relief medicines*

Section IV: Level of engagement of cancer and NCD community

Please provide a list of cancer and non-communicable disease civil society organisations (including cancer societies, patient groups, professional associations and others) who could support and be involved in C/Can 2025 activities in the city. Please provide examples (in a maximum of 500 words) of existing, or planned activities, and collaboration between these groups.

Section V: Agreement to C/Can 2025 Guiding Principles

A Challenge City must be willing to:

- Make an initial 2-year commitment to the Challenge City process
- Partner with the private sector, UN agencies, multi-lateral organisations and financing institutions, civil society, patients and caregivers, to adopt and implement the reforms needed to improve cancer care
- Take a participatory approach to decision-making in the planning and implementation process including the local community and patient representatives
- Adopt the key elements of a [core package of cancer interventions](#)
- Take an open and transparent approach to monitoring and evaluation of outcomes
- Invest its own resources - technical, financial and human, as appropriate, in the C/Can 2025 process.

Please tick box to confirm that the applicants identified in Section I of this form agree to C/Can 2025's Guiding Principles:
