VOLUNTEER OPPORTUNITY – Social media and news reporter

Job description

Job title: Volunteer - Social media and news reporter

Reports to: Communications and Social Media Manager

Time period: 1st – 4th October 2018

Location: Kuala Lumpur, Malaysia

The Union for International Cancer Control is looking for a group of enthusiastic social media and communications gurus to assist the Media and Communications Team at the upcoming World Cancer Congress in Kuala Lumpur from 1st to 4th October 2018.

Hone your writing and/or social media skills and gain international experience at one of the biggest events on the global health calendar.

About the World Cancer Congress

The World Cancer Congress (WCC) is a leading international conference which encourages effective knowledge transfer and best practices exchange amongst 3,500 cancer control and public health experts from 150 countries. It aims to strengthen the participants' action and impact on national, regional and international scales through a multidisciplinary programme that features the latest successful interventions in cancer prevention, diagnosis, treatment and care.

The World Cancer Congress is an initiative of the Union for International Cancer Control (UICC) held every two years in a different country - which was recognised with Membership Engagement Award - and supports the organisation's purpose statement 'to unite the cancer community, reduce the global cancer burden, promote greater equity and integrate cancer into the world's health and development agenda'.

With Member States committed to deliver a 25% reduction in premature deaths from non-communicable diseases (NCDs) by 2025 and a Cancer Resolution adopted at the World Health Assembly in May 2017, the 2017 World Cancer Congress theme *Strengthen, Inspire, Deliver* will provide an even more opportune platform for Congress delegates to build on this momentum and continue to expand their scope of influence and action for the successful implementation of these global commitments in their own settings.

About the Union for International Cancer Control (UICC)

UICC is the largest international cancer-fighting organisation, with over 1,000 member organisations across 160 countries representing the world's major cancer societies, ministries of health, research institutes, treatment centres and patient groups. The organisation is dedicated to taking the lead in convening, capacity building and advocacy initiatives that unite the cancer community to reduce the global cancer burden, promote greater equity, and integrate cancer control into the world health and development agenda.

UICC and its multi-sectorial partners are committed to encouraging governments to look towards the implementation and scale-up of quality and sustainable programmes that address the global burden of cancer and other NCDs. UICC is also a founding member of the NCD Alliance, a global civil society network that now represents almost 2,000 organisations in 170 countries.
