

2019 UICC Fellowship awardees

Yamagiwa-Yoshida Memorial International Cancer Study Grants (YY Study grants)

YY Study grant Fellows are listed in alphabetical order of their country.

Fellow	Fellow's Institution	Fellow's Country	Host Institution	Host Country	Fellowship Title
Natalia Fernandez	Universidad de Buenos Aires	Argentina	University of Colorado	United States	Contribution of androgen receptor and RUNX1 in triple negative breast cancer progression
Minu Singh	Post Graduate Institute of Medical Education & Research, Chandigarh	India	St. Jude Children's Research Hospital	United States	Determination of DNA-TGN levels in blood leucocytes of paediatric ALL patients for dose adjustments of 6-MP
Filippo Piccinini	Istituto Scientifico Romagnolo per lo Studio e la Cura dei Tumori	Italy	Biological Research Centre of the Hungarian Academy of Sciences	Hungary	Continuous biology: the Regression Plane tool for modelling cellular processes beyond phenotypic classification
Uranchimeg Tsegmed	National Cancer Centre of Mongolia	Mongolia	McMaster University	Canada	Population based comparison of non-surgical locally ablative therapies for hepatocellular carcinoma
Alessandra Ferrario	Harvard Medical School	United States	Peking University	China	Expanding access to cancer medicines on the path to universal health coverage

Technical Fellowships (TF) and Bourses pour l'Afrique Francophone (BAF)

TF and BAF Fellows are listed in alphabetical order of country and by type of fellowship project, public health, research or clinical. Those organisations that are UICC members are marked with an asterisk. BAF fellows are indicated by **(BAF)** after their names and the title of their project is translated into English.

Public health fellowships

Fellow	Fellow's Institution	Fellow's Country	Host Institution	Host Country	Fellowship Title
María Graciela Abriata	Agency for Cancer Control of Santa Fe	Argentina	International Agency for Research on Cancer	France	UICC-IARCDEVFEL: Improving cancer surveillance in Latin America through tailored training material and status
Fernanda Oliveira	A.C. Camargo Cancer Centre*	Brazil	Sylvester Comprehensive Cancer Centre	United States	Cancer drug incremental cost-effectiveness: systematic review and meta-analysis
Florence Manjuh	Cameroon Baptist Convention Health Services*	Cameroon	King Hussein Foundation*	Jordan	Setting up a Breast cancer program within the CBCHS in Cameroon
Eveline Tata Mayaah	Humanity at Heart International Association	Cameroon	Women4cancer early detection and treatment	Kenya	Public health: Cancer prevention and advocacy
Ferdinant Sonyuy Mbiydzennyuy	Cameroon Baptist Convention Health Services*	Cameroon	King Hussein Foundation*	Jordan	Setting up a comprehensive Breast Cancer Program in Cameroon
Yubei Huang	Tianjin Medical University Cancer Institute and Hospital*	China	International Agency for Research on Cancer	France	Cross-sectional studies on the associations between cancer screening beliefs, knowledge, mental health, and behaviours
Rongshou Zheng	National Cancer Centre and Cancer Hospital, Chinese Academy of Medical Sciences and Peking Union Medical College	China	International Agency for Research on Cancer	France	UICC-IARCDEVFEL: Assessing the impact of risk factor changes and population aging on future cancer burden in China
Naveen Khargekar	Tata Memorial Centre	India	National Cancer Institute	United States	Individual mentorship training on cervical cancer etiology, biology, screening and precancer treatment.

Srabani Mittal	Cancer Foundation of India	India	International Agency for Research on Cancer	France	Preparation of an online digital atlas on VIA and ablative treatment, and creation of an image library to support development of artificial intelligence in visual detection of cervical abnormalities
Kunal Oswal	Tata Education Development Trusts	India	International Agency for Research on Cancer	France	UICC-IARCDEVFEL: Evaluation of breast, cervix and oral cancer screening policies and implementation in India
Siew Yim Loh	University of Malaya	Malaysia	University of Southampton	United Kingdom	Patient support, survivorship and palliative care at Macmillan Research Centre
Kossi Dagbo (BAF)	Ministère de la Santé et de l'Hygiène Publique	Togo	CHU IBN Rochd	Morocco	Stage de formation au registre de cancer basé sur la population Fellowship visit to learn about population-based cancer registries

*UICC member organisation

Clinical fellowships

Fellow	Fellow's Institution	Fellow's Country	Host Institution	Host Country	Fellowship Title
Fan Chai	First Hospital affiliated to Army Medical University	China	Organisation for Oncology and Translational Research	Hong Kong	The application and translational research of targeted drugs in advanced breast cancer
Jing Liu	Tianjin Medical University Cancer Institute and Hospital*	China	University Health Network	Canada	The Clinical Observership of Breast Reconstruction
Jiangyuan Yu	Peking University Cancer Hospital & Institute Beijing Cancer Hospital*	China	Zentralklinik Bad Berka	Germany	Clinical application of peptide receptor radionuclide therapy in neuroendocrine neoplasms
Ahmed Mohamed Abdelaziz Abdellatif	Medical Research Institute Alexandria University	Egypt	The George Washington University	United States	Innovative surgical management of thoracic malignancies observership
Ahmed Abugarib	Sohag Faculty of Medicine	Egypt	Centre Leon Berard	France	Molecular imaging using 18FDG-PET/CT for radiation therapy planning of head and neck cancers
Tarek Mohamed Zaghloul	Children's Cancer Hospital Egypt	Egypt	St. Jude Children's Research Hospital	United States	Laparoscopic Surgical Management of Paediatric Tumours
Swapna Lilly Cyriac	KIMS Cancer Care and Research Centre	India	Northwell Health Centre for Advanced Medicine (CFAM)	United States	SBRT Planning: A Focus on Treatment Techniques and its Dosimetric Aspects
Shubham Garg	Max Super speciality Hospital*	India	Pulmonary Hospital	Poland	Transcervical Approach to Staging and Management of Lung Cancer
Manit Gundavda	PD Hinduja National Hospital	India	Royal Orthopaedic Hospital	United Kingdom	High Prevalence of Vitamin D Deficiency in Patients with Bone Tumours: Genomic profiling of Vitamin D Receptor (VDR) and RANKL expression in primary bone tumours.
Suraj Hindiskere	HCG Cancer Centre*	India	Istituto Ortopedico Rizzoli	Italy	Fellowship in Orthopaedic Oncology

Kavitha Jain	Tata Memorial Centre	India	Fondazione IRCCS Istituto Nazionale dei Tumori	Italy	Clinical fellowship/observership - cancer treatment - multidisciplinary management of soft tissue sarcomas
Mayur Mayank	Apollo Hospital Bangalore	India	Petermac MacCallum Cancer Centre	Australia	SABR in Oligometastatic Disease
Shagun Misra	Sanjay Gandhi Post-graduate Institute of Medical Sciences	India	University of Pennsylvania	United States	Identifying challenges and setting up a SBRT programme in liver tumours at a tertiary care institution
Dillip Muduly	All India Institute of Medical Sciences*	India	Fondazione IRCCS Istituto Nazionale dei Tumori	Italy	Methods of Cytoreductive surgery and Hyperthermic intraperitoneal chemotherapy (HIPEC) for Peritoneal Carcinomatosis (PC)
Vipul Nautiyal	Himalayan Institute of Medical Sciences, Swami Rama Himalayan University	India	Christie School of Oncology	United Kingdom	Re-irradiation of head and neck cancer in the era of Advance technique (IMRT, IGRT & SBRT): patient selection, imaging, technical aspects and current evidence.
Sudha Padmam	Regional Cancer Centre, Trivandrum	India	Cancer Treatment Centres of America, Tulsa	United States	Safer and nonaddictive cancer pain management in the current era of opioid epidemic in cancer patients
Arun Pandey	Geetanjali Medical College and Hospital	India	Memorial Sloan Kettering Cancer Centre	United States	HPB Surgery Observership
Deep Shankar Pruthi	Action Cancer Hospital	India	Jules Bordet Institute	Belgium	Stereotactic Radiotherapy for management of thoracic and CNS malignancies
Seema Singhal	All India Institute of Medical Sciences*	India	Memorial Sloan Kettering Cancer Centre	United States	Sentinel lymph node mapping in patients with Endometrial carcinoma
Bindu Krishnappa Venugopal	Kidwai Cancer Institute*	India	Peter MacCallum Cancer Centre	Australia	To learn and implement stereotactic ablative radiation therapy in the treatment of lung cancer
Povilas Ignatavicius	Lithuanian University of Health Sciences	Lithuania	Memorial Sloan Kettering	United States	Surgical treatment of pancreatic cancer

			Cancer Centre		
Ghofrane Cherkaoui Salhi (BAF)	Centre Mohammed VI pour le traitement des cancers	Morocco	Institut Jules Bordet service de médecine nucléaire	Belgium	Oncologie nucléaire théranostique Theranostic nuclear oncology observership
Soniya Dulal	National Academy of Medical Sciences	Nepal	Princess Margaret Cancer Centre	Canada	Multidisciplinary management of advanced/ incurable lung cancer
Anthonia Sowunmi	University of Lagos	Nigeria	University of Chicago	United States	Experiential study of breast cancer clinical trials in a tertiary institution
Saad Bin Saeed Ahmed	Aga Khan University	Pakistan	Hokkaido University Hospital	Japan	Acquiring skills and knowledge on modern treatment planning and delivery techniques in radiotherapy
Syed Jawad Ali Shah	Institute of Radiotherapy and Nuclear Medicine	Pakistan	Cancer Care Manitoba	Canada	Volumetric Modulated Arc Therapy (VMAT) Planning for Head and Neck Cancers
JC Kenneth Jacinto	Benavides Cancer Institute, University of Santo Tomas Hospital*	Philippines	H. Lee Moffitt Cancer Centre & Research Institute	United States	Holistic Management of Head and Neck Cancers through Multidisciplinary Approach
Andreea Marza	Clinic of Pulmonary Diseases	Romania	ASST Civil Hospital of Brescia	Italy	Developing diagnostic skills in pleural biopsy for pleural tumour management
Coumba Diallo (BAF)	Institut Joliot-Curie de Dakar	Senegal	Institute Gustave Roussy	France	Stage d'observation en chirurgie oncologique Observership in onco-surgery
Souleiman Nour (BAF)	Centre Hospitalier Universitaire Aristide Le Dantec*	Senegal	Hopitaux de Marseille	France	Prise en charge chirurgicale du cancer du foie Surgical management of liver cancer
Ivana Blazic	Clinical Hospital Center Zemun	Serbia	Instituto Alexander Fleming	Argentina	Epidemiological, pathological, clinical and imaging features of colorectal cancer in young adults
Katarina Rejlekova	National Cancer Institute, Comenius University	Slovak Republic	Memorial Sloan Kettering Cancer Centre	United States	Choriocarcinoma syndrome (CS) in testicular germ cell tumours (TGCTs)

Lambert Christophe Safari	Muhimbili University Health and Allied Sciences	Tanzania	University of California	United States	Acquiring advanced skills in supportive care delivery to improve quality of life in cancer patients
Slava Kopetskyi	National Cancer Institute MPH of Ukraine	Ukraine	Basingstoke and North Hampshire Hospital	United Kingdom	Development of peritoneal carcinomatosis treatment program in low-middle income country

*UICC member organisation

Research fellowships

Fellow	Fellow's Institution	Fellow's Country	Host Institution	Host Country	Fellowship Title
Chantal Matar	University of Ottawa	Canada	International Agency for Research on Cancer	France	Chemoprevention signature of probiotics in microbiome regulation of microRNAs expression in the gut and the mammary gland: link between early manipulation of gut microbiome and breast cancer.
Jian Chen	Hubei Cancer Hospital*	China	National Cancer Institute, Centre for Cancer Research	United States	Preclinical experiments and techniques in head and neck cancer models
Jun Li	Henan Cancer Hospital*	China	Mayo Clinic	United States	BRCA pathogenic mutations in the progenitor cells contribute to the carcinogenesis, treatment response and prognosis of ovarian cancer
Yuanyuan Lu	Xijing Hospital of Digestive Diseases, Fourth Military Medical University	China	Vanderbilt University Medical Centre	United States	Mechanisms of Epigenetic Regulation of Drug Resistance in Cancer
Yiming Meng	Liaoning Province Cancer Hospital*	China	Johns Hopkins University- School of Medicine	United States	Weaken the extent of the damage of chemotherapy drugs on nerve cells
Xiaolei Wei	Nanfang Hospital, Southern Medical University	China	Center for Genomic Regulation	Spain	xCT Inhibition Confers Chemoresistance in the ABC Subtype of Diffuse Large B cell lymphoma
Eudoxia Hatzivassiliou	Aristotle University of Thessaloniki	Greece	Hubrecht Institute	Netherlands	Investigation of the role of tumor suppressor CYLD in human breast cancer
Akhilanand Chaurasia	King George's Medical University	India	Guy's, King's and St Thomas, school of Medicine and Dentistry	United Kingdom	A comparative evaluation of circulatory and salivary miRNA's as diagnostic biomarkers in Precancerous and Cancerous Lesions of Oral Cavity-A prospective case control study

Anindita Dutta	Tata Medical Center	India	University of Manchester	United Kingdom	Understanding Optimal Conditions for Establishing Reproducible Primary Tumour Organoid Systems
Biswajoy Pal	Tata Medical Center	India	Imperial College London	United Kingdom	Molecular diagnosis and monitoring of BCR-ABL positive leukemia
Aymone Gurtner	Regina Elena National Cancer Institute	Italy	The Institute of Cancer Research	United Kingdom	Set-up and use of Patient-Derived Organoid to identify prognostic biomarkers
Filippo Piccinini	Istituto Scientifico Romagnolo per lo Studio e la Cura dei Tumori	Italy	Biological Research Centre of the Hungarian Academy of Sciences	Hungary	3D-CELL-ANNOTATOR for single-cell phenotyping of cancer 3D spheroids.
Farah Nassar	American University of Beirut	Lebanon	International Agency for Research on Cancer	France	UICC-IARCDEVFEL DNA Methylation Patterns in Right vs Left Colon Cancer in Association with Diet in Lebanon
Razinah Sharif	Universiti Kebangsaan Malaysia	Malaysia	International Agency for Research on Cancer	France	Transfer of knowledge and skill needed in metabolomics profiling and cancer mediators for colorectal cancer survivors in Malaysia
Haydee Cristina Verduzco-Aguirre	Instituto Nacional de Ciencias Médicas y Nutrición, Salvador Zubirán	Mexico	University of Rochester Medical Centre, Wilmot Cancer Institute	United States	Research Observership in Geriatric Oncology
Ogbata Stanley Emeka	Federal Medical Centre Umuahia	Nigeria	University of Nottingham	United Kingdom	Immunohistochemical profiling of primary breast carcinomas using ER, PR, HER/NEU, CK5/6 and E-CADHERIN at Federal Medical Centre Umuahia
Muibat Haruna	Lagos University Teaching Hospital	Nigeria	Queen Elizabeth Hospital	United Kingdom	Androgen receptor expression in triple negative breast cancer at the Lagos University Teaching Hospital
Lateef Adebisi Odukoya	Lagos University Teaching Hospital	Nigeria	University of Chicago	United States	Immunohistochemical study and clinicopathologic correlation of COX-2 and HER-2 expression in colorectal carcinoma: a 5-year retrospective study
Ijeoma Uzoma	College of Medicine, University of Nigeria	Nigeria	University of Siena	Italy	Immunohistochemical characterisation and genomic profiling of lymphomas in Nigeria

Tala Shekarian	University Hospital Basel	Switzerland	Stanford University School of Medicine	United States	High-dimensional analysis of microglial drug response in glioblastoma bioreactors.
Alvaro Ronco	Instituto de Radiología y Centro de Lucha Contra el Cáncer	Uruguay	Instituto de Salud Carlos III de Madrid	Spain	Dietary iron types and breast cancer risk in the MCC-Spain Study
