Leveraging a powerful network

UICC member organisations in almost every country, working on cancer control every day.

-  **+170** countries
-  **+1150** members
-  **+60** partners

Our mission

UICC unites and supports the cancer community to reduce the global cancer burden, to promote greater equity, and to ensure that cancer control continues to be a priority in the world health and development agenda.

When your organisation joins the Union for International Cancer Control (UICC), it becomes part of a worldwide movement with the goal of eliminating preventable cancer deaths and providing access to life-saving treatment and care to everyone, everywhere.

Why become a UICC member?

-  **Connect globally** through our signature events (World Cancer Congress, World Cancer Leaders' Summit, World Cancer Day)
-  **Forge international partnerships** and connect your organisation to the broader non-communicable disease (NCD) community
-  **Amplify your voice** in the worldwide cancer movement and hold governments accountable for their commitments
-  **Have a bigger impact** in your area of work by strengthening your skills and knowledge
-  **UICC has official relations** with WHO, IARC, IAEA and UNODC, and enjoys consultative status with the United Nations Economic and Social Council (ECOSOC)

Exclusive UICC

membership benefits

-  Full member
-  Associate member
