

80 UICC Awarded Fellows in 2017

The UICC fellows below include fellows awarded from the UICC Technical Fellowship Programme, UICC-IARC Development Fellows, Bourse pour l'Afrique Francophone (BAF) fellows, Yamagiwa Yoshida Memorial International study Grant fellows and fellows from the ICRETT 2016 programme, all of whom were awarded in 2017. For more information on our fellowships, please visit our website: <https://www.uicc.org/what-we-do/capacity-building/grants/fellowships> or contact us on fellows@uicc.org

Those marked by a (*) were funded by [Prevent Cancer Foundation](#)

Those marked in orange are UICC member organisations

Progr.	Awarded Fellow	Fellow's Home Institution	Fellow's Country	Host Institution	Host Institution Country	Title of Fellowship
UICC-TF	Matías Blaustein	Instituto de Fisiología, Biología Molecular Y Neurociencias	Argentina	Fundacio Institut Mar d'Investigacions Mèdiques (IMIM)	Spain	Development and improvement of cancer therapies: dissecting cancer-specific and localization-dependent Akt protein interactomes
UICC-TF	Manuel Muñoz	Universidad de Buenos Aires-Facultad de Ciencias Exactas y Naturales	Argentina	Institute of Molecular Oncology Foundation (FIRC)	Italy	Identification of ATR-RNAPII signaling pathway in normal and transformed keratinocytes exposed to UV light
YY2	Mitra Safavi-Naeini	Australian Nuclear Science and Technology Organisation	Australia	National Institute of Radiological Sciences	Japan	Performance Quantification of Neutron Capture Enhanced Particle Therapy
UICC-TF	Jennifer Walker(*)	University of Melbourne	Australia	Washington University St Louis	United States	Bridging the divide: implementing cancer risk assessment tools into primary care
UICC-TF	Allan Polverini	Fundação Pio XII - Hospital de Câncer de Barretos	Brazil	Hôpital Gui de Chauliac	France	Eloquent area brain tumors surgery: implementing functional approach for brain tumor surgery in a Brazilian reference hospital
UICC-BAF	Louis Ngendahayo (*)	Kamenge University Hospital Center	Burundi	Centre Hospitalier Universitaire de Cocody	Ivory Coast	Renforcement des capacités en techniques et diagnostics immunohistochimiques des cancers (Capacity Building in Cancer Immunohistochemistry techniques and diagnostics)
UICC-TF	Joshua Ngwang Menang (*)	Cameroon Laboratory & Medicine Foundation Health Centre*	Cameroon	University of Colorado Anschutz Medical Campus	United States	Breast Cancer Awareness in female Cameroon Teenagers and women

Progr.	Awarded Fellow	Fellow's Home Institution	Fellow's Country	Host Institution	Host Institution Country	Title of Fellowship
UICC-BAF	Georgia Ambada Ndzengue (*)	Centre International de Reference Chantal Biya	Cameroon	Hôpitaux Universitaires de Genève (HUG)	Switzerland	Importance de l'immunophenotypage dans le diagnostic et le suivi therapeutique des Hemopathies au Cameroun (Importance of Immunophenotyping in the diagnosis and therapeutic follow-up of Hemopathologies in Cameroon)
UICC-TF	Mario González (*)	Universidad Nacional de Colombia	Colombia	Queen Mary, University of London	United Kingdom	Evaluation of acetaminophen or Non-steroidal anti-inflammatory drug use and ovarian cancer risk
UICC-TF	Alex Vergara Gil	Center of Isotopes	Cuba	Azienda Ospedaliera Universitaria Policlinico Umberto I	Italy	Training on Clinical Dosimetry for Molecular Radiotherapy
UICC-TF	Mayrel Labrada	Center of Molecular Immunology	Cuba	University of Torino	Italy	Electroporation-delivered tumor-specific DNA vaccination technology for potentiating anti-murine EGFR immune response
UICC-TF	Carmen Viada	Center of Molecular Immunology	Cuba	University of the Basque Country EHU/UPV	Spain	Latent variables model for missing longitudinal data and survival
UICC-BAF	Antoine Kamunga Kananga	Palliafamilli	DR Congo	Semiramis	Belgium	Gestion de la douleur et organisation d'une equipe mobile de soins palliatifs à domicile (Pain management and organisation of a mobile palliative homecare unit)
UICC-TF	Remon Bazak	Alexandria University Faculty of medicine	Egypt	FHN Leonard C.Ferguson Cancer Center	United States	Optimal management of locally advanced oropharyngeal carcinoma
UICC-TF	Haitham Shaheen	Children's Cancer Hospital	Egypt	Kantonal Hospital Aarau	Switzerland	Automatic Breath Control (ABC) Radiotherapy technique in pediatric cancer patients
UICC-TF	Dina Sweed	National Liver Institute	Egypt	Ohio State University	United States	Role of TERT in hepatocarcinogenesis
YY1	Laurent Le Cam	INSERM Delegation Languedoc Roussillon	France	Stanford University	United States	Role of p53 in the 3D organization of the genome of lung cancer cells

Progr.	Awarded Fellow	Fellow's Home Institution	Fellow's Country	Host Institution	Host Institution Country	Title of Fellowship
ICRET T	Bakho Dvali	New Vision University	Georgia	Centro Regionale Specializzato di Chirurgia Videolaparoscopica Robotica	Italy	Laparoscopic complete mesocolic excision with central vascular ligation
ICRET T	Temur Samushia	Tbilisi State Medical University	Georgia	University of Verona	Italy	Laparoscopic hepatopancreaticobiliary surgery
UICC-TF	Vinaya JR Kumar	All India Institute of Medical Sciences	India	Fondazione IRCCS Istituto Nazionale dei Tumori	Italy	Comparison different methods of cytoreductive surgery and hyperthermic intraperitoneal chemotherapy (HIPEC) for Gastrointestinal Cancers with Peritoneal Carcinomatosis (PC).
UICC-TF	Deepak Balasubramanian	Amrita Institute of Medical Sciences and Research Centre	India	Ospedale Policlinico San Martino	Italy	Transoral laser surgery in laryngeal cancer
UICC-TF	P Vijay Karan Reddy	Apollo Cancer Hospital, Hyderabad	India	Christie School of Oncology	United Kingdom	Sparing of the swallowing structures to reduce dysphagia by intensity modulated radiotherapy in treatment of head and neck cancers
UICC-TF	Jaspreet Badwal	Apollo Cancer Institute, Apollo Health City, Hyderabad	India	Netherlands Cancer Institute	Netherlands	Fellowship in Head and Neck Surgery and Oncology
UICC-TF	Arsheed Hakeem	Apollo Cancer Institute, Apollo Health City, Hyderabad	India	Aurora Health Care, Inc.	United States	Endoscopic Skull base surgery
UICC-TF	Devika Gupta	Army Hospital	India	King's College Hospital	United Kingdom	Minimal Residual Disease and Chimerism monitoring in post Allo-Bone marrow Transplantation in Hematological Malignancies
UICC-TF	Aroor Bhagyalaxmi (*)	B J Medical College	India	Johns Hopkins University, Bloomberg School of Public Health	United States	Prevention of initiation of smokeless tobacco consumption among rural children of Gujarat, India

Progr.	Awarded Fellow	Fellow's Home Institution	Fellow's Country	Host Institution	Host Institution Country	Title of Fellowship
UICC-TF	Kadambari Dharanipragada	Central Inter-Disciplinary Research Facility	India	University of East Anglia	United Kingdom	Techniques in Level 1 and level 2 oncoplastic breast Surgery
UICC-TF	Kiran Shankar	Clear Medi Radiant Superspeciality Hospital	India	Hospital Barmherzige Brüder Regensburg	Germany	Clinical Attachment in Cyto-reductive surgery and HIPEC
UICC-TF	Amrutha Ramachandran	Government Medical College Kozhikode	India	Roswell Park Cancer Institute	United States	Gynecological oncology in India: Addressing the need for specialised training
UICC-TF	Rohit Seth	Guru Ghasidas University	India	The University of Toledo	United States	Use of CRISPR technology for mammalian genome engineering and generation of eukaryotic cell lines for studying apoptosis in cancer cells
ICRET	Prahlad Yathiraj	Kasturba Medical College	India	University of Michigan	United States	To learn to use Image Guided Radiotherapy (IGRT) in the re-irradiation of recurrent or second primary Head and Neck squamous cell carcinomas
UICC-TF	Shubhashree Uppangala	Kasturba Medical College	India	Northwestern University Feinberg School of Medicine	United States	To understand the techniques of fertility preservation in cancer affected girls for the establishment of oncofertility facility in home country
YY2	Guruprasad Kalthur	Kasturba Medical College	India	Mayo Clinic	United States	Spermatogonial stem cells isolation and male fertility preservation in childhood cancer patients
UICC-TF	Surendra Kumar Saini	M P Shah Government Medical College	India	Institut Curie	France	Decision making in breast cancer management
UICC-TF	Monica Solomon	Manipal Academy of Higher Education (MAHE)	India	Barts and The London, Queen Mary's School of Medicine and Dentistry	United Kingdom	FOX11 (Forkhead Box)-based qMIDS Test for early detection of Potentially Malignant Oral Lesions and oral cancer
UICC-TF	Vidya Bhushan R	Mazumdar Shaw Cancer Center	India	University of Insubria	Italy	Endoscopic Skull Base Surgery in sinonasal tumors
ICRET	A Chatterjee	North-Eastern Hill University	India	Case Western Reserve University	United States	Role of miRNAs in the expression of CDKN2A and GSTP1 genes in cancer cell lines

Progr.	Awarded Fellow	Fellow's Home Institution	Fellow's Country	Host Institution	Host Institution Country	Title of Fellowship
UICC-TF	Amit Choraria	Regional Cancer Centre, Pt. JNM Medical College	India	Royal Marsden	United Kingdom	Observership in Oncoplastic Breast Surgery
UICC-TF	Divya Raj	Regional Cancer Centre, Trivandrum	India	National Dental Centre Singapore	Singapore	Advanced training in Maxillofacial Prosthetic Rehabilitation services for Head and Neck cancer patients.
UICC-TF	Supriya Sharma	Sanjay Gandhi Post-graduate Institute of Medical Sciences	India	Seoul National University Hospital	South Korea	LLR for GB cancer – Technology transfer to a high volume center in India
UICC-TF	Pushendra Hirapara	Shree D B Tejani Cancer Institute	India	Peter MacCallum Cancer Institute	Australia	Application of Image guided adaptive brachytherapy in management of cervical cancer
ICRET	Sendhil Rajan	St John's Medical College	India	Seoul National University Hospital	South Korea	Minimally Invasive Surgery & contemporary treatment for Thyroid Cancer
UICC-TF	Rupashree Dasgupta	Tata Medical Center	India	Barts Cancer Institute, Queen Mary University of London	United Kingdom	The Implications of BRCA testing in epithelial ovarian cancer
UICC-TF	Santu Saha	Tata Medical Center	India	Northern Institute for Cancer Research, Newcastle University	United Kingdom	Investigating radiosensitisation in cervical cancer using DNA damage response pathway inhibitors
UICC-TF	Sonali Nayak (*)	Tata Memorial Centre	India	Houston Methodist Hospital	United States	Liquid based cytology in cervical cancer screening
UICC-TF	Bambang Ardianto	Faculty of Medicine Universitas Gadjah Mada	Indonesia	University Malaya Medical Centre	Malaysia	Improving the survival of children with high-risk leukemias through the development of a bone marrow transplantation program
UICC-TF	Saeed Nemati	Cancer Institute of Iran, Cancer Research Center	Iran	Karolinska Institute	Sweden	Comparison of cancer-specific survival with relative survival in UK

Progr.	Awarded Fellow	Fellow's Home Institution	Fellow's Country	Host Institution	Host Institution Country	Title of Fellowship
UICC-TF	Fabrizio d'Adda di Fagagna (*)	Fondazione Istituto FIRC di Oncologia Molecolare, IFOM	Italy	University of Southern California	United States	Short-Term Starvation and Fasting Mimicking Diet in the prevention of telomere dysfunctions
UICC-TF	Simone Ribero	Turin University	Italy	Hospital Clínic Barcelona	Spain	Survival model of genetic variants involved in naevus count
YY1	Carlotta Giorgi	University of Ferrara	Italy	University of Hawaii Cancer Center	United States	The tumor suppressor BAP1 in the regulation of calcium signaling and apoptosis
UICC-TF	Shinichiro Takahashi	University of Tokyo	Japan	Flinders University of South Australia	Australia	Insulin Receptor signalling in cancer
UICC-IARC DEVF EL	Stephen Karuru Maina	Moi University, School of Public Health	Kenya	International Agency for Research on Cancer (IARC)	France	To Investigate the role of Nutrition Deficiencies with Esophageal Cancer Risk in Western Kenya-aided by a Geo-Coding approach
UICC-BAF	Younes Shimi	CHU Ibn Rochd	Morocco	Institut Jules Bordet service de médecine nucléaire	Belgium	Approfondir les connaissances en oncologie nucléaire et l'utilisation des nouveaux traceurs isotopiques en oncologie (Deepening knowledge into radiation oncology and the use of new isotopic tracers in oncology)
UICC-BAF	Bouchra Ghazi	Mohammed VI University of health sciences	Morocco	Necker Enfants Malades Institute (INEM) Faculté de Médecine Paris	France	Démarche diagnostic devant les LAL-T au Maroc (DDLTM). (Diagnosis of LAL-T in Morocco)
UICC-TF	Matrika Prasad Adhikari	B.P. Koirala Memorial Cancer Hospital	Nepal	Northwell Health Center for Advanced Medicine (CFAM)	United States	Medical Physics training,QA and commissioning of IMRT and VMAT
ICRET T	Nabal Mahato	T. U. Teaching Hospital	Nepal	Virginia Commonwealth University	United States	Intensity Modulated Radiotherapy Treatment (IMRT) plans for the best outcome of cancer treatment
UICC-TF	Olanrewaju Ajetunmobi	Federal Medical Centre, Makurdi Benue	Nigeria	University Hospital Cologne	Germany	Her2/neu and EGFR expression in adenocarcinomas of the prostate; a perspective from North Central Nigeria

Progr.	Awarded Fellow	Fellow's Home Institution	Fellow's Country	Host Institution	Host Institution Country	Title of Fellowship
UICC-TF	Andrew Anjorin	Obafemi Awolowo University Teaching Hospitals Complex	Nigeria	University of Leeds	United Kingdom	An immunohistochemical classification of surface epithelial tumours of the ovary seen over ten years (Jan 2005-Dec 2014) at Obafemi Awolowo University Teaching Hospitals Complex
ICRET T	Foluke Irabor	Obafemi Awolowo University Teaching Hospitals Complex	Nigeria	Clark Atlanta University	United States	Correlation of Molecular Subtypes of Breast Cancer with their Expression of Basal Cytokeratins
ICRET T	Michael Nweke	University College Hospital, Ibadan	Nigeria	Texas Children's Hospital	United States	Immunohistochemical Characterisation of Astrocytic neoplasms at the University College Hospital. A Clinicopathologic study
UICC-TF	Tolulope Taiwo	University College Hospital, Ibadan	Nigeria	University of Chicago	United States	Therapeutic strategies and management outcomes in a Tertiary center in Nigeria
UICC-TF	Joyce Terwase	University of Ibadan	Nigeria	Memorial Sloan-Kettering Cancer Center	United States	Enhancing Cancer Patient Care in Africa: Attention to Communication and Psychosocial Support
UICC-TF	Temitope Oke	University of Ibadan	Nigeria	University of Chicago	United States	Oncolytic viral therapy and sorafenib in the management of advanced hepatocellular carcinoma(hcc): observation of a clinical trial in oncology
ICRET T	Adekoyejo Phillips	University of Lagos	Nigeria	University of the Witwatersrand	South Africa	KI-67 Expression in prostatic adenocarcinoma in Lagos University Teaching Hospital
ICRET T	Hasan Nisar	Pakistan Institute of Engineering and Applied Sciences	Pakistan	Deutschen Zentrums für Luft- und Raumfahrt	Germany	DNA double-strand break analysis using γ -H2AX immuno-staining in NF- κ B proficient and deficient cells
ICRET T	Evgenii Fedorov	City Clinical Oncology Dispensary	Russian Federation	Royal Brompton and Harefield Hospital	United Kingdom	Video-assisted thoracic surgery in modern management of patients with lung cancer
UICC-TF	Olga Vlasova (*)	N.N. Blokhin Russian Cancer Research Center	Russian Federation	Roswell Park Cancer Institute	United States	Influence of non-mutagenic DNA-binding small molecules on chromatin structure and FACT function

Progr.	Awarded Fellow	Fellow's Home Institution	Fellow's Country	Host Institution	Host Institution Country	Title of Fellowship
UICC-TF	Mobil Akhmedov	N.N. Blokhin Russian Cancer Research Center	Russian Federation	University of Texas M.D. Anderson Cancer Center	United States	CAR T-cell therapy in the management of patients with hematological malignancies
UICC-BAF	Cecile Ingabire	Centre de coordination AFCRN pour l'enregistrement du cancer pédiatrique	Rwanda	International Agency for Research on Cancer (IARC)	France	L'enregistrement du cancer de l'enfance en Afrique sous-Saharienne (Cancer Registries of Pediatric Cancer in Sub Saharan Africa)
UICC-BAF	Scholastique Ngizwenayo	Rwanda Palliative Care & Hospice Organisation	Rwanda	Résidence de soins palliatifs de l'Ouest de l'Ile	Canada	Prise en charge psychosociale et méthodologie de counseling en soins palliatifs (Psychosocial care and counseling methodology in palliative care)
UICC-BAF	Eric Kabisa	Rwanda Palliative Care & Hospice Organisation	Rwanda	Centre Hospitalier Universitaire Aristide Le Dantec	Senegal	Acces, rapportage et usage de la Morphine pour traiter la douleur en soins palliatifs et soutien psychologique des enfants atteints d'un cancer (Access, reporting and use of Morphine to treat pain in palliative care and psychological support for children with cancer)
UICC-BAF	Kwame Doh	Hôpital Général de Grand Yoff	Senegal	Institut National d'oncologie de Rabat	Morocco	Stage de perfectionnement en Onco-pédiatrie (Fellowship in Onco-pediatrics)
UICC-TF	El Hadji Makhtar Ba	Université Cheikh Anta Diop	Senegal	CHU de Québec	Canada	Observation of a multidisciplinary psycho-oncology program including inpatient and outpatient clinical services as well as a research team
UICC-BAF	Soumaila Boubacar	Université Cheikh Anta Diop	Senegal	CHU IBN ROCHD	Morocco	Prise en charge de la douleur neuropathique et comorbidités chez les patients atteints de cancer (Management of Neuropathic Pain and Comorbidities in Cancer Patients)
UICC-TF	Achille Manirakiza	Muhimbili University	Tanzania	Brigham and Women's Hospital	United States	Observership in Radiation Oncology

Progr.	Awarded Fellow	Fellow's Home Institution	Fellow's Country	Host Institution	Host Institution Country	Title of Fellowship
UICC-IARC DEVF EL	Patumrat Sripan (*)	Faculty of Medicine, Chiang Mai university	Thailand	International Agency for Research on Cancer (IARC)	France	The Impact of Screening for Cervical and Breast Cancers on Survival among Chiang Mai population in Northern Thailand: A Population-Based Study
UICC-TF	Kokou Alinon	Université de Lomé	Togo	Université Marien Ngouabi	Congo-Brazzaville	Stage au Congo Brazzaville: Partage d'expérience en Soins Palliatifs et formation sur le Registre du cancer. (Fellowship in Congo Brazzaville: Sharing experience in Palliative Care and training in Cancer Registries)
YY1	Thomas Simon	University of Sussex	United Kingdom	University of Southern California	United States	Impact of tumour microenvironment-derived extracellular vesicles on GBM cells response to anti-angiogenic therapies
YY1	Veronika Fedirko	Emory University	United States	Aarhus University Hospital	Denmark	Gut Microbiome Modulating Agents & Colon Cancer Recurrence: a Danish Nationwide Registry-Based Cohort Study
YY2	Mingyang Song	Massachusetts General Hospital	United States	Karolinska Institutet	Sweden	Sessile Serrated Adenoma and Colorectal Cancer: A Swedish Record Linkage Study
